A motion to reconsider was tabled.

EXPLANATION OF VOTE

I would like to spread the following comments on the pages of the House Journal by way of explaining my vote on House Bill No. 226, I voted "present and not voting". I am President of a real estate development company which owns a large tract of land facing Interstate 40. Portions of this tract are appropriately zoned for the location of billboards. The view of most locations, if not all, is blocked by pine trees on the Interstate right of way. Additionally, these pine trees block the view of a large portion of this property which is zoned for office development. It would be beneficial to this property if a legislative mechanism were created to allow the removal of these trees. However, it may not be in the best interest of the people of our State to permit removal for such purposes. Because of these conflicts, I decided I could not in good conscience involve myself in this decision. Thus, I voted "present and not voting".

JIMMY WALLACE.
